

Letter of Guarantee For Back-Haul Loads

July 15, 2021

To Whom It May Concern:

Avé Organics hereby certifies that all reasonable measures have been taken to ensure the manure-based products listed below are free of pathogens. Each product has been treated in a manner that meets the food safety standards for pasteurization. As such, these products have been heated continuously to a minimum of 165 degrees Fahrenheit for >15 minutes.

At no time does the finished product come in contact with raw animal manure or animal by-products while under control of Avé Organics.

The product names, as shown on the fertilizer label, covered by this statement are listed below:

- VydaTilth Auctus 4-4-3
